Salisbury RFC Coaching Newsletter

One of the key elements of any successful organisation is the ability to keep all people involved in its activities up to date with all the relevant information required to achieve success. This is never truer than when applied to a successful rugby club like Salisbury which has in effect 19 subsections dealing with the coaching of boys, girls, men and women from U6 right through to the senior teams and over 100 people actively involved in coaching.

This Newsletter has been included in the coaching section of our new website to facilitate improved communications and ensure that all coaches, referees and administrator are kept up to date with changes to the Laws of the Game, course availability, seminars, meetings and access to all relevant support documents. Thus supporting and enhance their ability to coach, referee and be involved in Continuous Personal Development (CPD) to the benefit of the players, ***who are the future of our club.***
