

Club Secretary – AGM report July 2018

It continues to be a challenge finding the most effective means of engaging with our broad membership. The most enjoyable method remains face to face in the Clubhouse or Pitch side. For those of you who don't have the opportunity to visit the Club frequently, we hope you read our emails, facebook posts, or check the website to stay in touch with Club news. There are only so many methods of communication we can sustain, so please be proactive.

For our members that offer tremendous support in a variety of ways we thank you. We have the opportunity to highlight the hard work of some with a presentation of RFU Volunteer certificates at the AGM. I will also take this opportunity to thank Pat Clash, Amanda Foster, Simon Hedges, Stewart Roderick, Dan Street for the significant work they have done whilst members of the Board this season.

We continue to integrate membership management with the RFU Database (GMS) and hope membership swipe cards will be available shortly, allowing further membership benefit opportunities. With regard to personal information and databases, John Miller (VP) has taken the lead on assisting SRFC with GDPR compliance this year. We now have a Privacy policy, ICO registration and enhanced website security. We will continue to monitor other procedural changes needed to observe the requirements of General Data Protection Regulation.

Nicola Rawnsdon
Club Secretary 2018
