

**SALISBURY
RUGBY**

Chairman's AGM Report

It has been my privilege to serve as Chairman of SRFC for the 2018/19 season. Thank you to the Executive Committee and everyone else involved with the Club for their support during the season.

As you are all aware Salisbury RFC has been committed to upholding the RFU Core Values of Teamwork, Respect, Enjoyment, Discipline & Sportmanship for many seasons; something else the Club has been committed to for many seasons, is Project All Change. I would like to take this opportunity, now that the build has officially started, to thank Richard Larcombe & Richard Bathurst for their unwavering commitment throughout the planning phase of the project. Without their determination it is hard to imagine how we would have met the RFU deadline for funding, which was critical for the development to be undertaken.

The RFU have been busy restructuring at Twickenham and as a Community club we are regularly questioning if these changes will provide support for our aims and objectives. It is therefore important that we continue to strengthen the Club on and off the pitch; ensuring our players and social members enjoy their time here, which in turn leads to success for the Teams and facilities. 2019/2020 will undoubtedly provide further challenges and hopefully successes, I look forward to enjoying them with you all.

Nicola Rawnson

Hon. Chairman
July 2019
