

Club Secretary – AGM report July 2019

From a personal point of view it has been an interesting year and I will admit it took me a little while to get going in this role. As Nicola has alluded in the past it still remains challenging to ensure we keep in proper touch with the membership we have, hopefully we manage it well.

VP's lunches were well attended this year and along with the lunches prior to other home games, these do remain a very good way of keeping in touch, face to face, as it were. Seeing people pitch side at home and away games has also been quite rewarding.

Over the course of the year it became very very obvious to me just how much is done by volunteers at the club, in some cases may be not as many as we would like, and it is pleasing to be able to reward some of these people, who haven't been rewarded before, with RFU Volunteer certificates at the AGM.

Membership swipe cards are now available and being handed out in a structured manner, all this helps to streamline the bar operations and provides further membership benefits.

I have no doubt that over the course of the summer and the early part of next season while Project All Change is being completed the club will continue to pull together in the way it always has.

Chris Metson
Club Secretary 2019
